- 

## PROFESSIONAL EXPERIENCE

**Belvista Software** – Rochester, New York

**Intern / Database associate** – (11/2022 – present)

Querying client agency's databases in MySQL in order to analyze information relevant to our clients at the Agency's. Construction of SSRS reports made to the specifications of clients. Some experience working with C# and the .NET framework to create tools for Belvista's intra-company use. A focus on understanding a clients request in order to create tools that are fulfill what they need.

**Skaneateles Country Club** – Skaneateles, New York

**Banquet Chef** – (4/2018-12/2019, 6/2022 – 9/2022)

Primarily fulfilled banquet chef position. This included organizing time, people, and product at the same time in a fast-paced environment to feed hundreds of people at a time. Handled ordering of food and scheduling. Filled any necessary position if I was free; for example, working on the line for lunch and dinner shifts, expediting. During a 2-week period there was no Executive Chef, I took over the responsibility of that role until the replacement was able to join the team. Worked long periods of time, upwards of 12 hours for multiple days in a row during the busy season.

## EDUCATION AND TRAINING

SUNY Oswego, Oswego, New York (8/2021 – Present) - Computer Science B.S.

Onondaga Community College, Syracuse, New York (08/2020-5/2021) – Computer Science A.S.
